

120w with solar container outdoor power

Overview

A 120W folding solar panel is a portable solar energy device that converts sunlight into electrical power with a maximum output of 120 watts. Its lightweight design—just over 5 pounds—and compact fold make it easy to pack and carry, even on long hikes or camping trips. Efficient Output: This portable power station features 8 output ports, including 2 AC sockets (110V 120W, 240W peak), 1 USB-C port (18W), 2 QC 3. The LED display clearly shows the working status and remaining power. That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar. Monocrystalline 120 Watt portable folding solar panel, There are USB, fast charge, USB-C PD, DC socket output ports for charging most of the portable electronic devices. Fast charge and USB-C PD are multi-voltage for quick charge, The internal circuit will automatically use best voltage that.
