

Bahamas solar panels

Overview

Comprehensive guide to buying, installing, and maintaining solar panels in the Bahamas. The solar systems we install typically have a payback between 4-7 years and a 18-20% return each year. We specialize in commercial systems from 50 kW to multi-megawatt utility scale systems. Serving installers across Nassau, New Providence, Freeport, Abaco, Eleuthera & all Family Islands. Ready to power your home or project with solar panels?

Let me help you find the perfect solution and make the process seamless from start to finish! Any questions left?

Which Caribbean countries do you ship to?

We ship to most Caribbean countries, including, but not limited to, the Bahamas, Puerto. We at Sol242 specialize in solar energy systems tailored to the unique conditions of island living. Where salt-filled air, hurricanes, heat, and humidity are the norm, we ensure our systems can meet any challenge that comes their way, all while providing you with clean, sustainable energy.
