

Microgrid Industry Fund

Overview

This latest solicitation offers up to \$2.5 million in direct project funding supported by \$1 million in technical assistance to help energy providers, local governments, and community organizations develop or enhance microgrids serving remote or isolated regions across the United States. This latest solicitation offers up to \$2.5 million. COPENHAGEN, Denmark, May 30. WASHINGTON—The Community Microgrid Assistance Partnership (C-MAP), led by the Department of Energy's (DOE) Office of Electricity (OE), today announced a new funding opportunity. This funding opportunity will help energy providers and local governments improve microgrid systems that deliver secure, diverse funding for sustainable, resilient energy, balancing public, private, and community investments for an equitable energy future. Microgrids represent a significant shift in how we generate, distribute, and consume electricity, offering a path towards greater energy security. The global microgrid market size was valued at USD 13.58 billion in 2025 and is projected to grow from USD 15.70 billion during the forecast period. Department of Energy (DOE) Office of Electricity today. Develops AI-enabled energy orchestration platforms and deploys intelligent consumer applications, devices, and services to enable organizations to operate intelligent microgrids.

Industrial and Commercial Scale Microgrid Market, Opportunity,

The overall Industrial and Commercial Scale Microgrid Industry is segregated based on Connectivity, Power Source, Storage Device, Grid Type, and Region In terms of connectivity, the

Microgrid Market Size, Share & Growth Forecast [2026-2034]

The global microgrid market size is projected to grow from \$15.63 billion in 2026 to \$57.58 billion by 2034, at a CAGR of 17.7% during the forecast period.

U.S. Department of Energy Announces \$8M for Microgrid Innovation

WASHINGTON— The U.S. Department of Energy (DOE) Office of Electricity today announced more than \$8 million in selections for funding to projects that accelerate microgrid

What Funding Models Exist for Microgrids? → Question

What Funding Models Exist for Microgrids? Microgrids secure diverse funding for sustainable, resilient energy, balancing public, private, and community investments for an equitable

Up to \$3.5M Available to Strengthen Microgrids in Remote Regions

This is C-MAP's second funding solicitation, with this round placing a strong emphasis on microgrid solutions that support industrial development, including large energy users such as

Microgrid Market Size, Share, Trends

Microgrid Market is projected to reach USD 191.01 billion by 2033, growing at a CAGR of 19.28% from 2025-2033.

Three Microgrid Projects in Rural Areas Showcase New DOE

Ultimately, the microgrid will provide solar power to 706 residential homes, 201 commercial buildings, and two industrial facilities. As part of the ERA application, the utility engaged

Copenhagen Infrastructure Partners and PensionDanmark launch microgrid ...

COPENHAGEN, Denmark, May 30, 2025 (GLOBE NEWSWIRE) — Copenhagen Infrastructure Partners (CIP) and Danish pension fund PensionDanmark have launched the microgrid specialist company

Microgrid Market Share, Size | Microgrid Industry Trends by 2034

Microgrid market size was valued at USD 32.6 Billion in 2024 and is forecasted to reach USD 89.4 Billion by 2034 at a CAGR of 10.8%. Microgrid report classifies global market by share,

CIP and PensionDanmark launch microgrid company Plexar

CI Microgrid Electrification Fund is a new and fully subscribed pilot fund with a total commitment of EUR 112.5 million and with PensionDanmark as the sole external investor.

Microgrid Market Size, Growth & Share Analysis 2031

Microgrid Market Analysis by Mordor Intelligence The Microgrid Market size is expected to grow from USD 20.54 billion in 2025 to USD 24.44 billion in 2026 and is forecast to reach USD 54.99

Truist Bank Supplies Scale Microgrids with \$150M Tax

On-site power and community solar developer Scale Microgrids has gained access to another \$150 million of investment to support construction of new microgrid

An Inside Look at the Microgrid Market from Those Making It Happen

The future is bright for microgrids across many industries, but growth in three sectors stands out: commercial and industrial facilities (C&I), data centers and utilities. That's what we heard in talking to

Microgrid Market Size, Share and Growth Analysis | 2035

The microgrid market was USD 31.99 Billion in 2025, expected to grow at a 10.40% CAGR to USD 86.04 Billion by 2035.

Microgrids

What is a microgrid? The Victorian Government is supporting and developing microgrids. A microgrid can be thought of as a small "subset" of the electricity grid that provides energy

Global Microgrid Market | 2023 - 2030 | Ken Research

This funding supports research, development, and deployment of microgrid technologies, encouraging local governments to adopt these systems to enhance energy resilience and reduce carbon emissions.

Major Microgrid M&A Deal: EQT Transition
