

Solar power station in China in Iraq

Overview

The China Energy International Engineering Co. (Energy China) is about to embark on a milestone 1GW solar project in Iraq. The company noted that the project is located in Artawi, in southern Iraq's Basra governorate, and expects to start construction soon. ISLAM HERO/KURDISTAN 24 Ten years after China proposed the Belt and Road Initiative, Chinese companies continue to bring opportunities. Iraq joined China's Belt and Road Initiative (BRI) in October 2019, and China subsequently started working with the Iraqi government in building large solar farms. These large. A historic one-gigawatt solar project in Iraq is set to begin soon by state-owned China Energy Engineering Corporation (Energy China) based in Beijing. Energy China said that the construction is anticipated to begin shortly and the project is situated in Artawi, in the. Iraq's Ministry of Electricity is intensifying efforts to bolster its renewable energy capacity, engaging in virtual discussions with officials from the UAE's Masdar to expedite the development of solar power projects totaling 1,000 megawatts across the provinces of Maysan, Dhi Qar, and Anbar.
